OTTERBEIN.

Otterbein, March 4.—The heavy rain fall Sunday and Sunday night did a great deal of damage along Bear run to bridges and fences. The water was higher than it has been for years.

H. B. Grove and wife, E. E. Carnes and wife, of Canton, William Koehler of Beach City, Miss Alice Grove, of Otterbein, took dinner with W. F. Grove and wife, Sunday.

The quarterly meeting at the Neitz appointment was not very well attended Sunday on account of bad weather. F. M. Young will move his saw-mill from Riverdale to Sandyville.

Cleveland—Alleging her husband struck her with his fist, Mrs. Hannah Hill, asked for alimony from her husband, an employee of the Bank of Commerce.

This Recipe Makes Better Cold and Cough Medicine Than You Can Buy.

A full pint of cough syrup—enough to last a family a long time—can be made according to the recipe given below at a cost of about fifty-four cents. It is not only cheaper than the "ready made" cough syrups, but it is also better in every way—usually stopping a deep-seated cough in 24 hours. It is also excellent for colds, whooping cough, chest pains, bronchial troubles and similar ailments. Any woman can make it in five minutes.

Take three-quarters of a pound of Granulated Sugar, add water, heat and stir until you have a thick syrup. Put 2½ oz. of Pinex in a pint bottle and fill it up with the syrup. Shake well and take a teaspoonful every one, two or three hours. Well corked, it keeps perfectly. The taste is very pleasant.

Guaiacol and other chemical elements of the pine, which make the air of the pine-forests so effective in the cure of consumption and other membrane diseases, are found in high proportion in Pinex, the most valuable and concentrated form of Norway White Pine Extract. For the purpose of this prescription, it is immensely superior to the many weaker pine oil and pine tar preparations. All druggists have it or can get it quickly without trouble if requested.

AT CITY HALL

The secretary of the water works submitted the following report to the board of public service yesterday for the month of February: Water rents, flat rate, \$3,169.35; meter rents, \$18.95; builders permits, \$8.56; service permits \$30.05; extra labor, \$59.77; total receipts, \$3,256.12.

The board will ask council for money for a new roof at the Auditorium. The present roof is in bad shape and the board is of the opinion that the only way to remedy the leaking of the roof is to put on a new one as they have spent a lot of money in fixing the old roof but notwithstanding it leaks so that it is said to be ruining the plastering on the ceiling and walls of the building.

Superintendent of Streets Pearson stated yesterday that his department was rapidly putting the streets that were damaged by the high water in shape for travel. Klorer avenue and Belden avenue have been made passable but Kimball street is not yet in shape for traffic with vehicles, but soon will be.

Mayor Turnbull stated yesterday that he would recommend to council at their next meeting that the present room that is used for police court be converted into offices and that the auditor's office be moved there. This would make room for the city solicitor's office in the room now occupied by the city auditor. The mayor thinks that the city solicitor should have his office in the city building and as the old assembly room could be used for holding mayor's court when necessary the present court room could be utilized for office purposes.

COURT NEWS

Lydia Zschenck has filed a suit in partition in common pleas court naming John M. Evans and two brothers, sons of W. S. Evans, deceased, as defendants. In her petition the plaintiff claims to have the legal right and to be possessed in fee simple of an undivided one-fourth interest in the land left by her father, the said W. S. Evans, which is in three tracts and lies in Tuscarawas township. The mineral deposits underlying two of the tracts are not included in the claims made by the plaintiff. The plaintiff asks that her interest in the land be set off in severalty and that if the partition cannot be made without injury to the other heirs that the court order the sale of the land. It is also alleged that the personal property of the deceased is more than sufficient to pay the debts of the estate. The plaintiff is represented by Attorney W. O. Wernitz.

Judging from the recital of facts in her petition for alimony Alma Rudolph would consider marriage a failure. Yesterday she filed a suit against her husband for less than two months asking for alimony and alleging desertion and cruelty. The bride states that she was married on January 23, this year, and that she was deserted on February 20, little more than a month later. She also alleges that her husband left her without any means of support and that she is at the present time in ill health and dependent on relatives for the necessities of life. She also alleges cruel treatment on the part of her husband for some time before he deserted her.

The court is also asked to issue an order restraining the Canton Art Metal company from paying over to the defendant money which it is alleged is due him for labor. The court is also asked to allow the plaintiff alimony until such time as it passes on the merits of plaintiff's petition for permanent alimony. The defendant is represented to be able to earn from \$2 to \$2.50 per day. Sponseller and Sponseller represented the plaintiff.

The case of Charles "Blondy" Wallace against H. A. Croxton, in which the latter is sued for \$10,000, the amount of damages alleged by the plaintiff to have been done him by an alleged libelous statement made by the defendant, is set for trial before Judge Ambler on Thursday, March 12.

The plaintiff, Wallace, is not at this time in the jurisdiction of the court but attorneys for the defendant said yesterday that they had been informed by the plaintiff's attorneys that he would be here in time for the trial of the case. If he is not it is said that the matter will be finally given its quietus. Some time ago a motion was filed by the attorneys for the defense that the plaintiff secure costs in the case, the allegation being that he was not a resident, but the motion has never been argued and the status of the whole matter is not known to be different now that the trial is near than it was months ago.

John Bradway, of Alliance, was brought to this city yesterday morning by Chief Howell of that city, and turned over to Sheriff Wilson. Bradway in default of \$1000 bail is languishing in the county jail under the charge of assault with criminal intent.

Bradway was arrested in Alliance yesterday morning at the home of his parents and charged with criminal assault. Later when arraigned before Mayor McConnell he pleaded guilty to the charge which had been made against him by Elsie Weaver and was held to the grand jury, his bond being placed at \$1000.

The Weaver girl told the police that Tuesday evening she had met and spoken with Bradway and that he had followed and had finally made proposals to her which she resented. She claims that he then attempted to force her to submit to his wishes and she raised an outcry which caused him to desist and run. His hat, however, was lost in the struggle and was turned over to the police.

Alliance authorities say that previous to this escapade Bradway, who is a pottery worker and about 21 years of age, had borne the best of reputation.

ALL DOUBTS DISPELLED

Dunn Arouses Spontaneous Interest in His Wonderful Work Here.

Honors were never heaped upon a more unassuming, plain, ordinary man than Dunn. When congratulated upon his immense success here during the first few days of his visit he modestly said:

"IT IS THUS WHEREVER I GO."

People are disinclined to believe the many reports of marvelous cures made by Quaker Herb Extract and Oil of Balm, but when such reports come from neighbors, friends or acquaintances, they are simply forced to believe. That creates confidence, confidence creates demand and explains why so many people are already calling on me for the remedies at Roth & Hug's drug store.

The cases of the two little boys, Theodore Boeckel and Thomas McLinden, both of whom expelled immense parasites, created terrific sensations. These boys a week ago were

threatened by death, today they are absolutely well, cured by Quaker.

Call and See These Tape Worms.

They are on exhibition at Roth & Hug's store, and I will cheerfully answer all questions pertaining to them. I came here to actually prove what Quaker Herb Extract and Oil of Balm will do for sufferers of rheumatism, catarrh, kidney, liver, stomach or blood troubles. All I ask is for people to come and have a talk with me. I can be seen at Roth & Hug's drug store, No. 333 East Tuscarawas street, daily from 9 a. m. to 5 p. m.

N. B.—People who cannot call on me and who wish to try the remedies can order by mail and on receipt of price, they will be sent by express all charges paid. Quaker Herb Extract \$1.00; 3 for \$2.50; Oil of Balm 25c.
